The date on which the petition under 37 CFR 1.136(a) and the appropriate extension fee have been filed is the date for purposes of determining the period of extension and the corresponding amount of the fee. The appropriate extension fee under 37 CFR 1.17(a) is calculated from: (1) the expiration date of the shortened statutory period for reply originally set in the final Office action; or (2) as set forth in (b) above, if checked. Any reply received by the Office later than three months after the mailing date of the final rejection, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).</p>		
<p><u>NOTICE OF APPEAL</u></p> <p>2. <input type="checkbox"/> The Notice of Appeal was filed on _____. (See 37 CFR 1.116 and 41.33(a)).</p>

Continuation of 5.: The rejection of claims 1-4 under 35 USC 112, second paragraph, set forth within paragraph 1 of the final Office action.

Continuation of 11.: The prior art rejection has been maintained for the reasons set forth within the final Office action. Furthermore, applicants' response fails to address the fact that the declaration is not commensurate in scope with the claims. Additionally, neither applicants' remarks nor applicants' showings are sufficient to overcome the prior art rejection, because applicants have not established that the results are unexpected. Applicants' results serve only to show that the sulfonic acid is acting in its art recognized capacity as a reaction inhibitor. The evidence of obviousness far outweighs the evidence of nonobviousness. Applicants' limited and unrelated showings are by no means sufficient or adequate to establish that a synergistic effect is present, especially over the entire scope of the claims. It is noted that applicants argue that methane sulfonate of the decalaration refers to methane sulfonic acid; however, these compounds are distinct; therefore, the declaration is additionally deficient for this reason.
